NEW CREPE FROCKS

FASHION NOTES.

The little frock of gray cotton crepe shows how truly smart the simple frock may be. A plain kimono blouse with short sleeves and a round neck is fastened to a skirt designed with successive hemstitchings. The pieces over the hips are plain. Collar and cuffs of accented pleated organza form the only bit of trimming. Such a frock may be worn upon any informal occasion of the late summer or early fall. In fact, it is beginning to be correct to wear crepe at any season of the year.

After launching felt hats in July and trying to show the world that felt was really more appropriate for summer than straw, smart French women are now wearing a momentary fad for wearing straw hats—straw hats for all the world like those American women would wear on picnics. These are broad brimmed shapes trimmed only with ribbon. Sometimes Chinese yellow is used on strong French blue hats, again bright green ribbons are placed against bronze or café au lait.

Some of the new black hats show ornaments of brilliant in different shapes that are pinned into the hat. These are let trimmings of all descriptions, some consisting of rings or pendants—fastened to the side of the hat like earrings.

Black chiffon printed in rose design is used in a new evening frock that is edged at sleeve and neck line with large jet beads placed at regular intervals.

You, too, can have "A skin you love to touch"

A BEAUTIFUL skin, soft, smooth, faultlessly clear—any girl can have this charm.

For your skin is constantly changing—each day old skin dies and new takes its place. Give this new skin the right treatment, and see how soft and lovely you can keep it.

If your skin is very sensitive and easily irritated, use each night this special treatment:

DIP a soft washcloth in warm water and hold it to your face.

Now make a warm water lather of Woodbury's Facial Soap and dip your cloth up and down until the cloth is "fluffy" with the soft, white lather. Rub this lathered cloth gently over your skin until the pores are thoroughly cleansed.

Rinse first with warm, then with clear, cool water and dry carefully.

THE very first time you use this treatment it will leave your skin with a slightly drawn, tight feeling. Do not regard this as a disadvantage—it is an indication that the treatment is doing you good, for it means that your skin is responding in the right way to this method of cleansing. After a few treatments the drawn feeling will disappear and your skin will gain a new, healthful sense of softness and smoothness.

Get a cake of Woodbury's today, at any drug store or toilet goods counter, and begin this treatment tonight. A 25-cent cake of Woodbury's will last for a month or six weeks. The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.

THESE LUSTROUS SILKS INTERPRET THE COMING SEASON'S MODES

The forecast for color and material for fall and winter wear emphasizes the popularity of black for color and duvetyns and crepe satins for materials. Allowing for the strong favor in which black will be held, there will be considerable support given the beautiful autumnal browns and the ever favored shades of blue. This applies to garments used for daytime wear but we believe the stunning high colors will hold their own with black for afternoon and evening dress social affairs.

YOU NEVER CAN TAME A WILD-CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel.

Calomel salivate! It's mercury! Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crumbles into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, if it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.
